

Registrar of Personal Property Security Order

Suspension of Specified Registrations and Searches in the Personal Property Registry Due to GIS Modernization

And whereas subsection 42.4(2) of *The Personal Property Security Act, 1993* reads as follows:

42.4(2) Notwithstanding any other Act or law, if, in the opinion of a registry officer or the minister, the circumstances are such that it is not practical to provide one or more registry services or functions, a registry officer or the minister may, by order, suspend all or any registry services or functions for the period during which, in the opinion of the registry officer or the minister, those circumstances prevail.

And whereas registry services and functions are provided to the public by Information Services Corporation (ISC) through its Customer Services Centres and the ISC website.

And whereas ISC is undertaking modernization of its GIS technology that supports the operation of the Cadastral Parcel Mapping System (CPMS), the Land Surveys Directory, and the Land Registry and whereas the modernization requires suspension of Personal Property Registry web and Business to Business (“B2B”) services in order to implement the new technology.

And whereas it is possible to minimize the effect on registration activity through limiting the suspension to registry services that are directly impacted by the GIS technology updating while also protecting priority of submissions in the queue.

Therefore I, Jared Pashovitz, Registrar of Personal Property Security, do hereby order that the operation of Personal Property Registry services and functions will be suspended and recommenced as follows:

1) Limited Suspension of Registration Services

From Saturday, June 14, 2025 at 7:00 a.m. to no later than Monday, June 16, 2025 at 8:00 a.m., all registration services of the Personal Property Registry web service are suspended.

2) Limited Suspension of Search Services.

From Saturday, June 14, 2025 at 7:00 a.m. to no later than Monday, June 16, 2025 at 8:00 a.m., all searches of the Personal Property Registry web service and B2B service are suspended.

All Services will first be recommenced and made available to registry personnel for the purposes of readying the system for public access.

Notice of this order shall be published in the Gazette and be posted to www.isc.ca.
